An employer who is completely untrustworthy. An indigenous social structure coming apart at the seams. But not his Earth. Turns out that there are countless parallel Earths, each different, where history has taken every possible turn - and there are even more uninhabitable worlds, destroyed by the misuse of cross-time travel. Bayard discovers that the Earth he has now been thrust into, the Earth of the Imperium, is at war with a dangerously aggressive parallel Earth that has taken a wrong turn somewhere in time and whose ruler is ...a parallel version of Bayard himself! Now Bayard's mission is clear: to prevent his alternate self from destroying the new plane of reality that he now calls home, the Imperium.

Another fire-fight, another chase another flight of imagination.
<b>Bitter Seeds</b>	<b>Ian Tregillis</b>	\$19.99	\$18.00	Pb	The year is 1939. And Raybould will be forced to resort to dark methods to hold the impending invasion at bay. But dealing with the occult exacts a price. And that price must be paid in blood. <b>The Mammoth Book of SF Wars</b>	<b>Ian Whates</b>	\$12.99	\$11.70	Pb	War is becoming increasingly 'SF-ized' with remotely controlled attack drones and robot warriors already in development and being tested. All the stories in this collection of remarkable quality and diversity reveals humankind pressed to the limits in every conceivable way. It includes 24 stories with highlights such as: The Pyre of the New Day - Catherine Asaro; The Rhine's World Incident - Neal Asher; Caught in the Crossfire - David Drake; Politics - Elizabeth Moon; The Traitor - David Weber; And, others from: Dan Abnett, Tony Ballantyne, Fredric Brown, Algis Budrys, Simon R.
