Richard Ford	Herald of the Storm	Tp	\$29.95	\$23.95	 <p>Welcome to Steelhaven... Under the reign of King Cael the Uniter, this vast cityport on the southern coast has for years been a symbol of strength, maintaining an uneasy peace throughout the Free States. But now a long shadow hangs over the city, in the form of the dread Elharim warlord, Amon Tugha. When his herald infiltrates the city, looking to exploit its dangerous criminal underworld, and a terrible dark magick that has long been buried once again begins to rise, it could be the beginning of the end.</p>
Benjamin Percy	Red Moon	Tp	\$29.95	\$23.95	 <p>Every teenage girl thinks she's different. When government agents kick down Claire Forrester's front door and murder her parents, Claire realises just how different she is. Patrick Gamble was nothing special until the day he got on a plane and, hours later, stepped off it, the only passenger left alive. A hero. President Chase Williams has vowed to eradicate the menace. Unknown to the electorate, however, he is becoming the very thing he has sworn to destroy. Each of them is caught up in a war that so far has been controlled with laws and violence and drugs. But an uprising is about to leave them damaged, lost, and tied to one another for ever. The night of the red moon is coming, when an unrecognizable world will emerge, and the battle for humanity will begin.</p>
Brian McClellan	Promise of Blood: Powder Mage Trilogy #1	Tp	\$29.95	\$23.95	 <p>Field Marshal Tamas's coup against his king sends corrupt aristocrats to the guillotine and brings bread to the starving. But it also provokes war in the Nine Nations, internal attacks by royalist fanatics and a greedy scramble for money and power by Tamas's supposed allies: the Church, workers' unions and mercenary forces. Stretched to his limit, Tamas relies heavily on his few remaining powder mages, including the embittered Taniel, a brilliant marksman who also happens to be Tamas's estranged son, and Adamat, a retired police inspector whose loyalty will be tested to its limit. Now, amid the chaos, a whispered rumour is spreading. A rumour about omens of death and destruction. Just old peasant legends about the gods returning to walk the earth. No modern educated man believes that sort of thing... But perhaps they should.</p>
SCIENCE FICTION					
Alex Archer	The Vanishing Tribe: Rogue Angel #42	Pb	\$11.50	\$10.35	 <p>A lost city. A missing tribe. And treasure beyond imagining... When archaeologist Annja Creed attends an auction in Botswana featuring personal effects of an infamous explorer, she purchases a small and seemingly unremarkable piece of art. It's not until the explorer's son makes a desperate attempt to steal it that Annja uncovers the secret of the painting... or rather, the secret map behind the painting. The map points to the Lost City of the San tribe, bushmen who had long ago disappeared off the face of the planet and whose city - so legend has it - was once littered with diamonds. But is the map an epic archaeological discovery or a fantastic work of fiction? Compelled to find out, Annja must face not only the perils of the African bush, but a treacherous son determined to take back his father's greatest legacy... no matter what the cost.</p>

New Hampshire is rich with big game, more than enough to feed Ryan and his hungry companions. This time, over a few beer and coffee-fueled chat sessions, Travis unravels a tale about his current case too tall for even an SF author to believe: a Gaudeamus machine that bends physics in order to make possible both teleportation and time travel, and how it gets stolen - twice; a grad student and sex worker who deals in telepathy-inducing drugs that let her 'download' top-secret documents from her client's brains, a romp through Colorado and New Mexico during which each episode and character is more bizarre than the last; and the internet meme that seems to tie it all together.</p>

To complicate matters further, Geary also needs to return safely to Alliance space not only with representatives of the Dancers, an alien species, but also with Invincible, a captured warship that could possibly be the most valuable object in human history. If the victim can survive until dawn, they may go free. But the rich and powerful don't care to have their will thwarted, and so the Hoorka must deal with the consequences of their own ethics. Gyll, the leader of the Hoorka, also has dreams of taking the guild offworld into the growing society of the Alliance, which is trying to reconstruct a shattered, worlds-spanning empire. <p>Michael J Martinez</p>	<p>The Daedalus Incident</p>	<p>Pb \$19.95 \$17.95</p> 	<p>Mars is supposed to be dead - a fact that Lt. Shaila Jain of the Joint Space Command is beginning to doubt. Freak quakes are rumbling over the long-dormant tectonic plates of the planet, driving scientists past the edges of theory and reason. However, when rocks shake off their ancient dust and begin to roll - seemingly of their own volition - carving canals as they converge to form a towering structure amid the ruddy terrain, Lt. Jain and her JSC team realize their routine survey of a Martian cave system is anything but. The only clues they have stem from the emissions of a mysterious blue radiation, and a 300-year-old journal that is writing itself. Lt. Thomas Weatherby of His Majesty's Royal Navy is an honest 18th-century man of modest beginnings, doing his part for King and Country aboard the HMS Daedalus, a frigate sailing the high seas between continents. But events are transpiring to change all that, and Weatherby must track a great and powerful mystic, who has embarked upon a sinister quest to upset the balance of the planets and threaten the very fabric of space itself.</p>
<p>China Mieville</p>	<p>Railsea</p>	<p>Pb \$18.99 \$17.10</p> 	<p>On board the moetrain Medes, Sham Yes ap Soorap watches in awe as he witnesses his first moldywarpe hunt: the giant mole bursting from the earth, the harpoonists targeting their prey, the battle resulting in one's death and the other's glory. But no matter how spectacular it is, Sham can't shake the sense that there is more to life than traveling the endless rails of the railsea - even if his captain can think only of the hunt for the ivory-coloured mole she's been chasing since it took her arm all those years ago. When they come across a wrecked train, at first it's a welcome distraction. But what Sham finds in the derelict - a series of pictures hinting at something, somewhere, that should be impossible - leads to considerably more than he'd bargained for. Soon he's hunted on all sides, by pirates, trainsfolk, monsters and salvage-scrabblers. And it might not be just Sham's life that's about to change. It could be the whole of the railsea.</p>
